January 26, 2015

Dear Municipal Partner,

The OPP has been working diligently over the past year to increase its accountability and reporting transparency to Police Services Boards and municipalities. The development of a reporting framework and supporting infrastructure will allow consistency and standardization in OPP public reporting. It also aligns to the methodology used in the OPP Annual Report and Detachment Action Plans.

It was the organization's intention to implement this reporting framework to coincide with the municipal elections in the fall of 2014. Changes to the reporting infrastructure between the OPP and the Ministry of Transportation are ongoing. This has, in turn, affected our traffic data source and the reporting framework. Other enhancements are being made concurrently in our reporting of the Integrated Court Offences Network (ICON) which track our Criminal Code, Provincial Statute 'charges laid' information.

Once these enhancements and changes are complete, the PSB Reporting tool will be available to Detachment Commanders. Initial rollout shall be no later than April 2015. We will be seeking input and feedback at this point. The tool will be fully operational by October of this year.

It is our hope that these reports will be a more effective and less complex way to provide information on public safety trends in the communities we police. This will better inform our respective community-level decisions and billing information.

Through our Detachment Commanders, I look forward to hearing your feedback once this new report is available.

Sincerely,

Handwritten signature of Andrew Eamer
