

THE CORPORATION OF THE TOWNSHIP OF TEMAGAMI

BYLAW NO. 94-339

A Bylaw formulating a plan for protecting property and the health, safety and welfare of the inhabitants of an emergency area.

WHEREAS, the Province of Ontario has passed an Act which provides for the formulation and implementation of emergency plans (Cohort title-The Emergency Plans Act, 1983) by the Council of a Municipality;

AND WHEREAS, this Act makes provision for the Head of Council to declare an emergency exists in the municipality or in any part thereof and also provides the Head of Council with authority to take such action, or deliver such orders as he considers necessary and are not contrary to law to implement the emergency plan of the municipality and to protect property and the health, safety and welfare of the inhabitants of an emergency area;

AND WHEREAS, the Act provides for the designation of one or more members of council who may exercise the powers and perform the duties of the Head of Council during his absence or his inability to act;

AND WHEREAS, the Act authorizes employees of a municipality to take action under the emergency plan where an emergency exists but has not yet been declared to exist;

NOW THEREFORE, the Council of the Corporation of the Township of Temagami enacts as follows:

1. That the Emergency Plan attached hereto as Schedule "A" of the Bylaw is hereby adopted;
2. That the Head of Council or designated alternate as provided in the plan is empowered to declare an emergency and implement the plan;

RECEIVED BY
BY-LAW # 99-467

3. That certain appointed officials or their designated alternates as provided in the Schedule "A" plan are empowered to cause an emergency alert to be issued to members of the Municipal Control Group and to take action under the emergency plan where an emergency exists but has not yet been declared to exist; and

4. That annually, the Municipal Control Group will cause the emergency plan to be reviewed and to make such changes to its appendices as are considered appropriate while referring all other changes to Council for further review and approval.

Read a first, second and third time and finally passed the: 10th day of Feb, 1994.

TOWNSHIP OF TEMAGAMI

EMERGENCY PLAN

PART I: EMERGENCY MANAGEMENT

AIM AND SCOPE: The aim of the Township of Temagami Emergency Plan is to:

- 1) establish procedures necessary for a prompt and effective response by the Township of Temagami in case of emergency
- 2) identify and develop arrangements for the identification of risks, preparedness for and recovery from an emergency.

The plan provides identification of the imminent potential hazards that may befall the community. The plan also provides for a response to an emergency that will minimize the effects of the emergency, protect and preserve the health and property of the inhabitants, and the restoration of the essential services.

The Township of Temagami lies approx 100kms north of the City of North Bay situated on Highway 11. Approx 1000 residents, are both English and French speaking. The Township is divided into three smaller townships. The village of Temagami is situated on the shore of the northeast arm of Lake Temagami and consists of residential and light commercial facilities, such as restaurants, a gas station, grocery store and a hardware store. Situated approx. 5kms north and on the shore of Net Lake is the Temagami North Township consisting of residential homes and the Township's Community Centre. To the west of village of Temagami is the old Gillies Township which has several vacant residential structures and development is anticipated in the near future. Medical facilities are limited to a Medical Office/ and local Ambulance Service.

The Township has a Public Works Department and a Fire Department which is staffed by 15 volunteer firefighters. Policing Services are provided by the Ontario Provincial Police with a complement of 7 Constables and 1 Sergeant.

Temagami can also be accessed through a private flying in tourist operation which has two small float planes and operates the Three Buoys Houseboat rental.

AUTHORITY: Emergency operations covered by this Emergency Plan for the Township of Temagami are to be carried out when a disaster or emergency has occurred requiring a coordinated response. It does not apply to the day to day situations normally dealt with by the municipal emergency services.

This plan is authorized in accordance with The Emergency Plans Act of Ontario, 1983, Section 3(1). and is adopted in accordance with Resolution #... of the Corporation of The Townships of Temagami dated this

The Temagami Emergency Plan may be implemented by the following persons in whole or in part, excluding those sections relating to the declaration and termination of a state of emergency and the associated powers, when an emergency or disaster occurs or threatens to occur pursuant to the Emergency Plans Act of Ontario Section 4

- 1) Reeve of the Municipality*
- 2) Alternate member of Council as designated.*
- 3) Chief Administrative Officer*
- 4) Municipal Emergency Services Department Head*

In the event of an emergency or disaster, the Council, or in the absence of the Council the Reeve, or his designate in his absence, may declare a State of Local Emergency with respect to all or part of the Corporation of the Township of Temagami. When in the opinion of the Council , an emergency no longer exists, it may terminate the declared State of Emergency.

DEFINITIONS:

A. "Council " means the majority of the whole number of the members required to constitute the Council as described under the Municipal Act

B. "Department" means a department of the Corporation of the Townships of Temagami

C. "Disaster" means a calamity, however caused, which resulted in or may result in:

- 1) the loss of life: or*
- 2) serious harm or damage to the safety, health or welfare of the people:*
or
- 3) widespread damage to property or the environment.*

D. "Emergency" means a present or imminent situation or condition that requires prompt action to prevent or limit:

- 1) the loss of life: or*
- 2) serious harm or damage to the safety, health or welfare of the people:*
or
- 3) widespread damage to property or the environment.*

E. "Emergency Coordinator" means that person appointed by resolution of Council as the Emergency Coordinator.

F. "Emergency Response Control Group" means Those persons designated within This plan for the direction and control of the emergency operations.

G. "On-Site Commander" means That person who is designated by the Emergency Control Group to control and coordinate the On-Site operations of the responding personnel dependent on the emergency.

H. "Municipal Emergency Services " means the Ambulance Service, the Police Service - Ontario Provincial Police,, the Temagami Fire Department, Public Works Department and any other public service provided by or on behalf of the Township of Temagami.

EMERGENCY RESPONSE STRUCTURE

A. General: The basic emergency response structure of the Township of Temagami involves the Council, the Emergency Response Control Group and one or more of the Emergency Services Department Heads. It may be augmented by a Provincial Response/Support Team depending on the specific requirements or needs of the emergency.

B. Council: The Council through the Reeve, will provide such direction as may be required to the Emergency Response Control Group. If deemed appropriate, the Council shall declare the State of Emergency. However, this shall not impede the implementation of such parts of the Emergency Plan to avert or minimize and emergency or disaster.

C. Emergency Response Control Group: Emergency Operations carried out in or by the Township of Temagami will be controlled by the Temagami ERCG. The ERCG consists of the Chief Administrative Officer. Heads of Departments, the Emergency Coordinator and support staff as required.

D. Provincial Response/Support Teams: When a provincial emergency response is required, Provincial Response/Support personnel will provide appropriate advice, response, support and coordination of Provincial and Federal input.

GENERAL OPERATIONS PROCEDURES

When an Emergency response is required that extends beyond the normal capabilities of the Emergency Services the general procedure for the conduct of the emergency operations are as follows:

A. The Chief Administrative Officer shall be notified and apprised of the response and shall implement portions thereof of the Emergency Plan. He shall designate an On Site Commander dependent of the emergency. The Emergency Response Control group will be located at the Emergency Operations Centre. The Emergency Control Group will be convened when time and the nature of the emergency will permit, bearing in mind that some Department Heads will be required on site until the emergency

Provincial, municipal advisors and other support agencies may be attached to the ERCG at the discretion of the Chief Administrative Officer.

B. The designated On Site Commander assumes control of the coordination of all on-site emergency response elements. Coordination of the emergency response include authority to direct, as deemed necessary, this shall not circumvent the normal operating authority and operating procedure of the respective Departments or Services.

C. If after conferring with the members of the ERCG and with those members of Council, who the Reeve or his designate is able to contact, the Reeve may declare a state of local Emergency. The Reeve will advise the Council of the state of local Emergency and his reasons for the declaration.

D. Upon the activation of the Emergency Plan the department that has the greatest responsibility legal or otherwise shall be designated to manage the site pursuant to the designation of the Chief Administrative Officer.

E. The maximum length of the state of local Emergency shall be no longer the seven(7) days in duration unless otherwise renewed by the Chief Administrative Officer in conjunction with the Reeve or pursuant to the Emergency Planning Act of Ontario.

EMERGENCY OPERATIONS CENTRES

1. The primary Emergency Operations Centre shall be located at the Township of Temagami Municipal Offices, Lakeshore Dr., Temagami, Ontario - telephone 705-569-3421.

2. The boardroom situated beside the Reeve's office is designated as the Operations Centre -telephone number 705-569-3421

3. The alternate Emergency Operations Centre shall be located at the Township Community Centre at Temagami North Townsite.

4. In the event of a forest fire that threatens the Township then the Operations Centre shall be at the Ministry of Natural Resources offices, Lakeshore Dr., Temagami telephone - 705-569-3622.

EMERGENCY SITE MANAGEMENT

1. The purpose of Emergency Site Management is to provide direction and control of the Emergency Operations.

2. The emergency site shall be manned by one of the following agencies as designated at the time the Plan is activated:

- a. Fire/Ambulance ;
- b. Police Service;
- c. Township of Temagami ;and
- d. Ministry of Natural Resources

It is acknowledged that in many incidents that two of the agency members may be in an "assistance role" to the third and fourth agency and therefore the formal duties will not occur on all emergencies. The Chief Administrative Officer will designate the site manager. This decision shall be communicated to all operating agencies by the Emergency Coordinator.

DEPARTMENTAL DUTIES

1. The following description of duties are set out to assist in the co-ordinated resolution of a Emergent situation. It is recognized that several agencies listed have there own policies and procedures which have to be followed. The listed agencies are governed by Municipal, Provincial and Federal legislation and policies. This plan outlines the fundamental task in an Emergency:

Fire:

- a. Communication with the Emergency Operations Centre on the status of the Emergency Site(s). The status reports should include progress made, problems encountered and assistance required.*
- b. Co-ordinate site management as designated;*
- c. Co-ordinate fire ground and rescue operations;*
- d. Maintain a log of operations and actions taken.*

Ambulance:

- a. Communication with the Emergency Operations Centre on the status of the Emergency Site(s). The status reports should include progress made, problems encountered and assistance required.*
- b. Co-ordinate site management as designated;*
- c. Co-ordinate triage operations;*
- d. Maintain a log of operations and actions taken;*
- e. Provide transportation for the injured person(s) as required.*

Police:

- a. Respond to the emergency with sufficient personnel to undertake security, crowd control and traffic control;*
- b. Establish perimeters both inner and outer, for the emergency!*
- c. Implement the controlled evacuation of buildings, or residential areas in conjunction with any other agency deemed appropriate and as authorized by the Emergency Control Committee;*
- d. Provide assistance to the coroner; and*
- e. Maintain a log of operations and actions taken.*

Township of Temagami:

- a. Communication with the Emergency Operations Centre on the status of the Emergency Site(s). The status reports should include progress made, problems encountered and assistance required.*
- b. Co-ordinate site management as designated;*
- c. Assist other agencies as required to secure the inner and outer*

perimeters, evacuate person(s) as required, maintain emergency utilities ie. water, sewer, electricity, etc.

d. Maintain a log of operations and actions taken.

Ministry of Natural Resources:

a. Communications with the Emergency Operations Centre on the status of the Emergency sits(s). The status of reports should include progress made, problems encountered and assistance required.

b. Co-ordinate site management as designated:

c. Co-ordinate fire fighting and ground operations pertaining to forest fires.

c. Maintain a log of operations and actions taken.

STANDARD OPERATING PROCEDURES

CHIEF ADMINISTRATIVE OFFICER

Responsibilities :

The responsibilities of the Chief administrative Officer or his designate during an emergency are:

- 1. Activate the Emergency Control Committee;*
- 2. Upon warning of an emergency or disaster activate the Emergency Plan in whole or in part:*
- 3. Appoint an agency to manage the emergency site(s);*
- 4. Gather, process and disseminate information for the Emergency Control Committee;*
- 5. Identify the scope of the emergency, response required and how the response shall be carried out:*
- 6. Assume control of the emergency operations in accordance with the Emergency Plan and the Reeve and give general direction:*
- 7. When authorized by the Reeve implement evacuation, reception and re-entry arrangements:*
- 8. Authorize Mutual Aid arrangements and other support services as required;*
- 9. Provide updated situation reports for the Reeve, Council and the Emergency Response agencies;*
- 10. Provide direction for the ERCG group.*
- 11. Provide appropriate direction and updated reports for the Media Relations Officer with respect to the authorization and release of official statements.*
- 12. Arrangements, through the department heads and the Emergency Coordinator, for the evaluation of the Emergency response operations and identification of deficiencies in procedure and equipment.*
- 13. Provide an after action report for the Reeve and Council.*

EMERGENCY COORDINATOR

1. Activates the EOC and establishes communications with the participating agencies.
2. Provide direction to the EOC staff required in support of the ERCG and ensures proper setup and operation of the EOC.
3. Establishes liaison and communications with the provincial Response/Support Team(s) as required.

DUTIES OF THE ONSITE COMMANDER (OSC)

The OnSite Commander's role is to provide the necessary on site direction, control and coordination of the emergency response.

DUTIES

1. Direct and control and coordinate the on site emergency response effort of the Emergency Response Team in accordance with the direction of the Chief Administrative Officer.
2. Establish a command post for the control and coordination of the emergency on site operations.
3. Establish communications with the EOC.
5. Maintain contact with the ERCG and all response operations.

PUBLIC WORKS

The responsibilities of the Public Works Department are as follows:

- 1> The Township Works Superintendent shall report to the EOC as soon as practicable after the emergency plan has been initiated and the response has been assessed. The Works Superintendent shall make such reports to as the Chief Administrative Officer to take the most appropriate course of action.*
- 2. Provide barricades and lighting as is necessary to secure the incident area.*
- 3. Provide municipal equipment and personnel as required.*
- 4. Disconnect services that would represent a hazard and as is authorized.*
- 5. Provide assistance in the cleanup operations and repair damages where there is a municipal responsibility.*
- 6. Provide or make arrangements for alternate water supplies when required.*
- 7. Restore essential services.*
- 8. Communicate with the utility services ie: hydro, telephone etc.*
- 9. Maintain a log of operations and actions taken.*

PURCHASING MANAGER

The responsibility of the Purchasing Manager during an emergency are:

- 1. Report to the Emergency Operations Centre.*
- 2. Co-ordinate purchases and supply requirements.*
- 3. Provide an inventory of the Township and available supplies within the Township and surrounding area.*
- 4. Maintain a list of requests and purchases.*
- 5. Maintain a log of actions taken.*

EMERGENCY MEDICAL SERVICES

The responsibilities of the Emergency Medical Service are:

- 1. Activate sufficient personnel and equipment as deemed appropriate to handle the emergency response.*
- 2. Alert surrounding hospital as to the degree of the emergency to best prepare them for receiving the sick and injured.*
- 3. Communicate with the local Health Office to initiate any warning due to contamination or special precautions.*
- 4. Provide emergency transportation for the injured.*
- 5. Set up a triage area where injuries may be assessed and transportation can be arranged depending on the degree of severity.*
- 6. Maintain a log of actions taken.*

SOCIAL SERVICES

In the event of an emergency Social Services will provide essentials and will be responsible for the following:

- 1. The person designated shall report to the EOC.*
- 2. Provide a Use of emergency agencies and volunteer organizations which will assist in:*
 - emergency feeding*
 - emergency lodging*
 - emergency clothing*
 - emergency registration and inquiry*
 - personal services*
- 3. Provide emergency communications.*
- 4. Co-ordinate the volunteer organizations directly involved in Social Serves.*
- 5. ^A Provide support required for and during evacuation.*

RECOVERY

GENERAL

1) The recovery stage commences when the emergency/disaster has been stabilized and the immediate actions required for life saving and property protection are generally complete. Short term recovery consists of restoring at least to minimal operation standards necessary for life support systems and community services. Long term recovery from a major disaster may take years to restore the community life to normal.

2) Damage Estimation - Arrangements for the inspection of 'damages caused directly or indirectly from the emergency/ disaster shall be assessed as soon as practicable and all claims processed through the Municipality and late forwarded through proper channels to the appropriate a authorities. These estimations shall be coordinated by the Chief Administrative Officer.

APPENDIX A

EMERGENCY RESPONSE PLAN

DANGEROUS GOODS ACCIDENTS

SITUATION

The Township of Temagami has large quantity of dangerous goods products travelling through the community by road and by rail. Travelling on these routes are containers carrying dangerous goods in solid, liquid and gaseous forms. The possibilities of either a single container or several containers rupturing and causing an event that could be dangerous to the people and the environment is extremely high. A dangerous goods accident through an accident or carelessness presents a real and extremely high risk to the inhabitants of Temagami.

The Township of Temagami is responsible for dealing with any dangerous goods accident emergency affecting or likely to affect the people, property and environment within the Township of Temagami.

GENERAL PLAN

1. There are three phases to an emergency responses involving a dangerous goods accident. (1) Initial Response. (2) Emergency Response. (3) Post Emergency Response. The initial response is from the police, fire and emergency medical services. This response will be strengthened in the Emergency Response phase which will be supplemented by mutual aid. Provincial response teams and industrial response teams.

RESPONSIBILITIES

Municipal Responsibilities.

1. Implementing the Emergency Plan in whole or in part as deemed appropriate utilizing all available resources.
2. Contacting CANUTEC for guidance and assistance.
- 3. Directing and controlling all municipal emergency operations except for provincial and federal agencies.
4. Requesting Provincial/Federal assistance through the Solicitor General's Office of Ontario.

Provincial Responsibilities

1. The Province of Ontario will provide prompt and coordinated response to the Township of Temagami when it requires assistance in emergency operations. The Province of Ontario may assume direction and control of an emergency operation when 1) the emergency is of such magnitude that it is clearly beyond the capability of the Township of Temagami; and the jurisdiction rests with the province (as in major environmental or health emergencies).

FIRE DEPARTMENT

The responsibility of the Temagami Fire Department during an emergency are as follows:

- 1. Provide fire fighting and rescue assistance.*
- 2. Provide on-site Commander when deemed appropriate by the Chief Administrative Officer for emergencies involving fires, and dangerous goods.*
- 3. Provide liaison with CANUTEC (Transport Canada) and the Ministry of Environment in any emergency involving dangerous goods.*
- 4. Initiate appropriate mutual aid arrangements.*
- 5. Provide assistance in the evacuation of people.*

POLICE DEPARTMENT

The responsibility of the police department in an emergency are as follows:

- 1. Provide on-site commander when deemed appropriate.*
- 2. Provide security at the site of any emergency.*
- 3. Warn the population of any immediate danger after consultation with the onrsite commander.*
- 4. Activate sufficient personnel and equipment to provide security, evacuation surrounding the emergency site.*
- 5. Provide people to co-ordinate the orderly flow of traffic away from the emergency site.*
- 6. Provide access for emergency personnel both to and from the emergency site.*
- 7. Provide communications between the EOC and the Officer in Charge.*
- 8. Maintain a log of all actions and operations.*

Federal Responsibilities

1. Federal agencies provide assistance, through the Solicitor General's office, as necessary and if requested. The primary agencies and their responsibilities are:

EMERGENCY PREPAREDNESS OF CANADA - assist and expedite the procurement of out of province/country resources; and coordinate assistance of federal agencies.

ATMOSPHERIC ENVIRONMENT SERVICE - provide special weather forecast services and predict dispersion pattern of dangerous airborne emissions'.

ENVIRONMENT PROTECTION SERVICES - provide technical advice and assist in the on and off site monitoring of airborne/ waterborne emissions.

TRANSPORT CANADA INFORMATION AND EMERGENCY CENTRE (CANVTEC) - provide technical information on dangerous goods and arrange on site assistance by contacting appropriate industrial resources.

APPENDIX B
EMERGENCY RESPONSE PLAN
FOREST FIRES

SITUATION

The Township of Temagami is situated in vast area of mixed forests where during the summer months the influx of people on vacation make the forest potentially vulnerable to fire. There is limited logging in the area and with the use of gas powered saws and the dry conditions it presents a danger to the forest. A forest fire through accident or carelessness presents a real and extremely high risk to the inhabitants of Temagami.

The Township of Temagami is responsible for dealing with a forest fire that will affect or likely to affect the people, property and environment that is readily accessible to the Department of the Township of Temagami.

GENERAL PLAN

*1. There are three phases to an emergency plan involving a forest fire.
(1) Initial Response. (2) Emergency Response. (3) Post Emergency Response. The initial response is from the police, fire, and emergency medical services. This response will be strengthened in the Emergency Response phase which will be supplemented by mutual aid, and Provincial response teams.*

RESPONSIBILITIES

Municipal Responsibilities:

- 1. Implementing the Emergency Plan in whole or in part as deemed appropriate utilizing all available resources.*
- 2. Communicate with and coordinate emergency operations with the Ministry of Natural Resources.*
- 3. Directing and controlling all municipal emergency operations except for provincial and federal agencies.*
- 4. Requesting Provincial/Federal assistance through the Solicitor General's Office of Ontario.*

Provincial Responsibilities

1 The Province of Ontario will provide a prompt and coordinated response to the Township of Temagami when it requires assistance in emergency operations. The Province will assume control of the forest fire fighting operation and the Township shall take direction from the Ministry. This, however, shall not relieve the Township of their responsibility to protect the lives and property of the residents of Temagami.

B- Restorations:

- 1- The charge for restoration of asphalt road crossings shall be eleven dollars (\$11.00) per square metre, restoration of areas outside the municipal road allowance will be the responsibility of the owner.
- 2- The charge for restoration of gravel road crossings shall be five dollars (\$5.00) per square metre.
- 3- The charge for restoration of sodded boulevards shall be four dollars (\$4.00) per square metre, restoration of areas outside the municipal road allowance will be the responsibility of the owner.

C- Payment:

- 1- The charges provided in this by-law shall be payable to the Treasurer at the Municipal office, payment will be based on estimates prepared by the Public Works Department.
- 2- If circumstances arise such that default of payment occurs, the sum shall be collectable in the same manner as water and sewer service rates and taxes.

D- Deposit:

- 1- A deposit of 20% of the total estimated cost shall be paid in advance on all new and replacement installations.

Provisions of this by-law shall take effect on the day that it is finally passed.

All previous by-laws of the Town of Cobalt dealing with water and sewer connections are hereby repealed.

Read a first and second time this

8 th day of December , 1986

Diane Beatty
CLERK

Linda Cote
MAYOR

Read a third time and finally passed this 8th day of December
